It's not very noisy in the mornings - I think everyone is still waking up!

Do One of the regular Club House kids will show you around. Like where to put your bag, where the toilet is and where the kitchen is with our toasty cooker and apple slinky machine - that's the important stuff!

Outside they will show you where to put your bike and where the boundaries are.

Besides the planned activities there is a whole bunch of our favourite games in the cupboard we can play whenever we want.
